Eligibility for basic educational assistance can be established by:

(a) Some individuals who first become members of the Armed Forces or who first enter on active duty as a member of the Armed Forces after June 30, 1985, and

[53 FR 1757, Jan. 22, 1988, as amended at 55 FR 28384, July 11, 1990]

§ 21.7042 Basic eligibility requirements.

An individual must meet the requirements of this section, § 21.7044, or § 21.7045 in order to be eligible for basic educational assistance. This section requires an individual to complete certain academic requirements before applying for educational assistance. If the individual applies before completing those requirements, VA will disallow the application. However, the individual's premature application will not prevent the individual from establishing eligibility at a later time by applying for educational assistance again after having completed those academic requirements. In determining whether an individual has met the service requirements of this section, VA will exclude any period during which the individual is not entitled to credit for service for the periods of time specified in § 3.15.
